### To Young Men.

The attention of young men, seeking a business education, is directed to the advertisement of **BRYANT, STRATTON & BELL's Commercial College**, of Quincy, Ills.

### Fire.

The residence of Mr. **HERSHBERGER** was discovered to be on fire on last Tuesday about noon; but by the timely assistance of a number of citizens, the flames were extinguished before any serious damage had been done.

### School Meeting Postponed.

The school meeting called for the 24th inst., in the various sub-districts of this township for the purpose of voting for or against the establishment of a central or high school, has been postponed until after the tax-books are returned by the collector, and the amount of funds required and the rate per cent. can be ascertained.

**B. KING, Pres't,**  
**D. E. COTTRELL, Sec'y.**

### Notice to Plasterers.

Proposals for lathing and plastering the basement story of the M. E. Church in this city, will be received for one week. Two bids are required; one in which the plasterer furnishes all the material, and the other in which the Building Committee furnishes all the material. Pine or cottonwood laths. The work to be three coats, the last of which is to be white lime, hard finish. All of the materials to be of the best quality, and work done in the best manner. **BUILDING COMMITTEE.**

### Hogs.

Holt county produced last year about 9,000 hogs. This year it is thought it will fall short of this about ten per cent. And next, the prospect is, the product will reach fully 20,000. There have been no important transactions, so far, in this line. The selling price ranges from \$5 to \$6.50 gross. The farmers are, however, disposed to hold on, hoping for better prices.

A Chicago letter of the 9th gives the price there as follows:

1st Class Hogs, selling, \$7.40, to \$7.50; 2d class, \$7 to \$7.25; 3d, uneven and course, \$6.50 to \$6.75.

### For 1887.

We have received from Messrs. Ticknor & Fields, Boston, the prospectuses of the **Atlantic Monthly** and **Our Young Folks**, for 1887.

The **Atlantic Monthly** now occupies a place in popular favor far higher than that ever reached by any other literary publication of this country. A splendid array of contributors for 1887 is announced, embracing the brightest lights of the century. Terms for single subscriptions to the **Atlantic**, Four Dollars per year. We are enabled to furnish the **Atlantic**, in connection with our paper for \$4.50.

Our **Young Folks**, will be, as its name indicates, adapted to the intellectual wants of the rising generation. It is a journal of the highest character representing the juvenile department, that we have any acquaintance with. Terms, of **Our Young Folks**, Two Dollars a year. Clubbed with our paper \$3.00.

The **Atlantic**, **Our Young Folks**, and the **SENTINEL**, together, will be furnished for \$5.50.

This applies to every kind of applications, whether of widows, fathers, &c., for pension, as well as all kinds of applications for bounties.

### Young Men, Attention!

The young men who were connected with the Literary Club and Debating Society of last winter, and all others interested, will please to meet at the Court house, on to-morrow night, at seven o'clock, for the purpose of reorganizing said society. ### An Error Corrected.

Most practitioners and medicine makers, in preparing pulmonary medicine, use ingredients which must be prescribed "not oftener than three or four times per day;" the proper treatment in such cases is to employ a medicine that it is safe to use every fifteen minutes—the directions for cough medicine should be "little and often." It is the throat, not the stomach, that requires treatment—this is the secret of the success of Cough Cough Balsam. "Take it little and often." In a very short time it has become immensely popular.

Subscribers finding the above character before their names, are notified that their term of subscription has expired, that their failure to renew it immediately will be taken as evidence that they do not wish the paper longer, and that unless they renew their names will be dropped from the list.

### Special Notices.

### LYON'S PERIODICAL DROPS.

The Great Female Remedy for Irregularities.

These Drops are a scientifically compounded fluid preparation, and better than any Pills, Powders, or Nostrums. Being liquid, their action is direct and positive, rendering them a reliable, speedy and certain specific for the cure of all obstructions and suppressions of nature. Their popularity is indicated by the fact that over 100,000 bottles are annually sold and consumed by the ladies of the United States, every one of whom speak in the strongest terms of praise of their great merits. They are rapidly taking the place of every other Female Remedy, and are considered by all who know aught of them, as the safest, most infallible preparations in the world, for the cure of all female complaints, the removal of all obstructions of nature, and the promotion of health, regularity and strength. Explicit directions stating when they may be used, and explaining when and why they should not, nor could not be used without producing effects contrary to nature's chosen laws, will be found carefully folded around each bottle, with the written signature of JOHN L. LYON, without which none are genuine.
